888 Garden of the Gods Road presents a compelling owner/user or investment opportunity along one of Colorado Springs' most prominent commercial corridors. The property benefits from exceptional frontage and exposure along Garden of the Gods Road, providing a strong presence in an area surrounded by major employers, restaurants, retail, hotels, and a wide range of everyday amenities.

The property is strategically positioned within a major employment corridor with a strong concentration of Department of Defense and defense-related operations, creating a significant daytime population and supporting an extensive network of nearby restaurants, retail, hotels, and services. This established defense presence is anchored in part by the nearby 2424 Garden of the Gods Road campus, one of the corridor's most recognizable D.O.D. hubs.

Convenient access to Garden of the Gods Road and close proximity to I-25 provide excellent connectivity throughout Colorado Springs and the greater Front Range. A large amount of on-site parking adds meaningful flexibility for a variety of potential users and further distinguishes the property from many competing opportunities in the corridor.

Whether acquired by an owner/user seeking a highly visible and recognizable business location or by an investor looking to reposition and lease the asset, 888 Garden of the Gods Road offers strong long-term potential supported by exceptional frontage, access, parking, and one of the city's most highly amenitized commercial locations.

5.3/1,000 RSF — PARKING THAT SETS THE PROPERTY APART FOR HEALTHCARE USERS

With ±131 on-site parking spaces, 888 Garden of the Gods Road offers a level of parking capacity that significantly expands the property's potential user base. The high ratio is particularly well suited for medical and healthcare users, where overlapping appointments, patient traffic, providers, support staff and visitors can create substantially greater parking demand than a traditional office environment.

For medical practices, specialty clinics and other parking-intensive operations, the ability to comfortably accommodate both employees and patients is a meaningful operational advantage — and one that can be difficult to find in competing properties.

STRATEGIC PROXIMITY TO 2424 GARDEN OF THE GODS

Located in close proximity to 2424 Garden of the Gods Road, 888 Garden of the Gods is strategically positioned within one of Colorado Springs' most established concentrations of Department of Defense and defense-related operations. This nearby presence supports a broad ecosystem of contractors, subcontractors, consultants, technology firms and professional service providers that benefit from staying close to key customers, partners and mission-driven operations.

For companies serving the defense and aerospace sectors, 888 Garden of the Gods offers the opportunity to establish a highly accessible location within the same corridor, while also benefiting from strong visibility, convenient access to I-25 and the surrounding concentration of businesses, services and amenities.
